Fainting Goats

“The Fun Model of the Goat World”

A Newly Popular Rare Old Breed

Fainting goats are unique, exciting, beautiful,
fun to own, and profitable to raise.

FAINTING GOATS

The International Fainting Goat Association is a non-profit corporation designed to educate the public about the breeding and preservation of the Fainting Goat. To register, promote, and establish Fainting Goat shows, sales, and activities. The International Fainting Goat Association is governed by a Board of Directors.

Fainting Goats are registered in four categories. The categories include:

Certified Premium – This category is for all animals that readily faint and fall down in a myotonic state. This must be documented by photo. Sire and Dam must be registered with the IFGA or another goat registry.

Premium – This category is for all animals that readily faint and fall down in a myotonic state. Sire and dam must be registered with the IFGA to qualify for this category.

Regular – This category is for any doe that does not readily faint but their back legs stiffen. This must be documented by photo.

Heritage - This category is for all animals that readily faint and fall down in a myotonic state but the sire and dam are not registered. Picture of goat in down position required.
